Year 2 Carbon Monoxide (CO) Awareness Initiative

Dear Parents

We are writing to let you know about a very special safety day that is coming up for Year 2. It is all about carbon monoxide (CO), understanding what it is and how we can keep ourselves safe.

Safety Seymour (our super hero bear) will be visiting your child's class on Friday 29th November, on a mission to rid the world of CO poisoning but he needs your help. He will spend a few days at the home of every child in Y2, along with his Activity Pack involving games and information regarding CO.

We hope that you have fun when he comes to your home, get involved in all of the activities and that he is returned safely to school after a couple of days. If you have a Twitter account and are happy to share your adventures with us, please TWEET using @safetyseymour. We would love to hear from you.

All those children who take part in the day will be awarded a free CO Alarm, a Certificate and a Keyring to congratulate them on becoming one of Seymour's 'Safety Assistants'. We are aware that safety information can be quite alarming for children and have therefore made a great effort to package all of the information in a child friendly way. That said, if your child does come home concerned about CO, please allay any fears. It is highly un-likely that CO is present in your home but none-the-less, we must work to educate ourselves about its dangers and take precautions to keep ourselves safe, such as fitting a CO alarm.

There is more information about CO in the Activity Pack (mentioned above) or you can visit www.cadentgas.com/Emergencies-safety/Suspect-carbon-monoxide to learn more. This information page is aimed at adults and may not be suitable for your child to view. Alternatively, take a look at Safety Seymour's webpage at <http://cadentgas.com/about-us/safety-seymour> to find out more.

Thank you for your time and if you have any concerns, please contact your child's class teacher.

Yours sincerely

Mrs J Maskell
Head Teacher
